Rod Scott
Hazard Mitigation/Historic Resources Specialist
L & R Resources, LLC
Mandeville, LA

Dear Mr. Scott,

On behalf of the Borough of Beach Haven, I would like to thank you so much for your time and effort Monday night. During a time when our families are confused and angry about their situation, it is comforting that there are people like you to offer information to them about hazard mitigation elevation. It felt good to hear laughter and thanks from the nearly 125 people who attended your informative and relaxed presentation. I hope we are able to have you in Beach Haven again soon. Please contact my office at #609-492-0111 X216.

Very truly yours,

Sherry Mason, RMC
Municipal Clerk
